Terrace Park Students Supersize Their School Supplies

Terrace Park Elementary sixth graders were ready for the school year to start in a big way. At the end of last year, the then 5th graders (with the help of art teacher Melissa Rupe) used massive boxes, cardboard, paint and other materials to create giant school supplies.

The oversized scissors, tape dispenser, paintbrush, tissues, stapler and more were part of a display to welcome students back for the 2006-2007 school year.
