Mariemont HS Students Mean Business in State Competition

In Mariemont High School's first year as a High School of Business program, four MHS students qualified for state competition in the 2010 Ohio DECA Competitive Events.

Junior Matt York placed second in the state in Sports and Entertainment Marketing Series event, and junior Jack Stautberg placed first in the state on the written section of the Principles of Business Management and Administration exam. Both these students will be traveling to Louisville, KY, at the end of April as National contenders in their respective events.

Over 185,000 high school students in 5,000 DECA world-wide chapters benefit from curriculum-enhancing programs for those with an interest in business marketing, management and entrepreneurship.

The business education instructor at Mariemont High School through its satellite program with Great Oaks is Debbie Baas.
