Elementary Artists from Mariemont Schools Exhibit in Columbus

Original art pieces from five elementary students from the Mariemont City Schools district have been selected for display in youth exhibits in Columbus.

The Ohio Art Education Association is sponsoring the Youth Art Month Exhibition at the State Teacher's Retirement Systems building in Columbus this March. Featured student artists include 2nd grader Madison Schwartz, 3rd grader Ellen Lewis and 4th grader Andrew Adams all from Mariemont Elementary.

An additional exhibit, the 31st Annual Young People's Art Exhibition (also sponsored by the Ohio Art Education Association) can be found at the Rhodes State Office Tower also in Columbus. Selected artwork from Delaine Oliveira, a Mariemont Elementary 1st grader, and from 2nd grader Caroline Dewees from Terrace Park Elementary will be featured in that show, also in March.

The elementary students in Mariemont City Schools are taught by art instructors Melissa Rupe, Shelley Komrska and Kelly Meyers.
