

# Facilities Update Weekly

July 15, 2011

## **Mariemont High School:**

- The new stadium lighting installation is still being done.
- The press box is being constructed.
- The air conditioning unit specs for C-20 (Robert A. Martin Lecture Hall) are being planned and will be installed before school starts.

## **Mariemont Junior High at Fairfax Site: (See new pic)**

- The walkway around the school to the baseball field is now open.
- The building pad subgrade is complete and the proof roll\* has been completed. Gravel will be put on the building pad.
- Construction roads are being built.
- The 5 foot pipes that are being delivered are for the water detention system.

## **Mariemont Elementary: (See new pic)**

- Demolition is completed. Final cleanup is being done.
- The future additions' building pads are being prepared.

## **Terrace Park Elementary: (See new pic)**

- The building pad is being completed.
- Construction roads are being built.

## **FYI**

- \*Proof Roll means that the ground has been prepared and tested by a truck driving on it to make sure that it is "solid" and ready for building.
- If you have any questions, please feel free to call (309-8743) or email me ([kryan@mariemontschools.org](mailto:kryan@mariemontschools.org)). Also, check out the district website for building plans and more information ([mariemontschools.org](http://mariemontschools.org))

Have a great week!

Kathy Ryan, Program Manager for Mariemont Schools
