

Facilities Update Weekly

July 8, 2011

Mariemont High School:

- The new stadium lighting installation is being done.
- The press box is being constructed.
- The air conditioning unit specs for C-20 (Robert A. Martin Lecture Hall) is being planned and will be installed before school starts.

Mariemont Junior High at Fairfax Site:

- The walkway around the school to the baseball field is now open.
- The building pad subgrade is complete and the proof roll* has been completed. Gravel will be put on the building pad.
- Construction roads are being built.
- The 5 foot pipes that are being delivered are for the water detention system.

Mariemont Elementary:

- Demolition is completed. Final cleanup is being done.
- The future additions' building pads are being prepared.

Terrace Park Elementary:

- The building pad is being completed.
- Construction roads are being built.

FYI

- *Proof Roll means that the ground has been prepared and tested by a truck driving on it to make sure that it is "solid" and ready for building.
- Sorry there are no new pictures this week.
- If you have any questions, please feel free to call (309-8743) or email me (kryan@mariemontschools.org). Also, check out the district website for building plans and more information (mariemontschools.org)

Have a great week!

Kathy Ryan, Program Manager for Mariemont Schools
