

Facilities Update Weekly

October 7, 2011

Mariemont High School:

- The new press box outside construction is completed, the inside is still being completed.

Mariemont Junior High in Fairfax:

- The exterior walls are being constructed with concrete block.
- The first level floors are being poured.

Mariemont Elementary:

- An asphalt path has been installed next to the construction fence on the church drive to make it easier for bikes and strollers.
- The pot hole near the West St. exit from the parking lot has been repaired.
- Masonry work is being done on the original building.
- HVAC work has started in the original building.
- The exterior walls are being constructed with concrete block.

Terrace Park Elementary: (See attached pic)

- Foundations have been poured and concrete block is being set.
- The first level floors are being poured.
- Masonry work is being done on the original building.

FYI

Ø With this beautiful weather, take the time to drive by the buildings to see the progress.

Ø Please see lists below of art that hung in the old buildings and needs to be returned. If you know any of these families, please tell them the art is housed in the Dale Park Junior High building. It can be picked up daily from 8:00am-4:00pm in the Board of Education offices.

Ø We will be having "Open Air" construction Tours: Sunday, October 30 at the new Junior High from 12:00-2:00pm and November 6 at Mariemont Elementary from 12:00-2:00pm and Terrace Park Elementary from 2:00 – 4:00pm. Wear closed-toed shoes, bring a hardhat if you have one (we'll have loaners) and walk through the sites.

Ø Please view the updated design plans now online at the www.mariemontschools.org website.

Ø If you have any questions, please feel free to call (309-8743) or email me (kryan@mariemontschools.org).

Have a great week!
