

Facilities Update Weekly

September 17, 2010

High School:

- The air handler was set on the roof this past Wednesday. The inspections are finished. It is be up and running.
- Work on the School Spirit Walk is finished and looks great!
- The lighting in the Sophomore parking lot is completed.

Fairfax Elementary:

- The demolition process will start on Monday, Sept. 20. The house the district purchased and the school building will be taken down. Evans Landscaping will be doing the demolition. Every effort will be made to keep trash and dust to a minimum.

Mariemont Elementary:

- As we are getting ready for the modular units, there will be some drilling for geothermal information and digging to prepare for the next step in our installation. The daily school instruction and schedule will not be disrupted.

Terrace Park Elementary:

- As we are getting ready for the modular units, there will be some drilling for geothermal information and septic preparation. The daily school instruction and schedule will not be disrupted.

FYI

- We will be taking bids over the next few months on the beginning phases of the projects.

Have a great weekend!

Kathy Ryan, Program Manager for Mariemont Schools
