

September 23, 2011

Mariemont High School:

- The new press box is almost completed.
- Student parking lot lines are being repainted.

Mariemont Junior High in Fairfax:

- Concrete footers are being poured for the foundation.
- The underground plumbing and electrical work is being done.
- Masonry foundation block is being set.

Mariemont Elementary:

- Concrete footers are being poured for the foundation.
- The underground plumbing is being done.
- Underground electric work has started.
- Masonry foundation block is being set.

Terrace Park Elementary:

- Foundations have been poured and concrete block is being set.
- Underground sanitary work is being done.
- Underground electric work has started.

FYI

- The job sites are very busy. As I visit each site, the outlines of hallways and classrooms are clearer. Drive by if you get a chance. The attached picture is from the new Mariemont Junior High in Fairfax. The "room" shown is a science classroom.
- Please view the updated design plans now online at the www.mariemontschools.org website.
- If you have any questions, please feel free to call (309-8743) or email me (kryan@mariemontschools.org).

Have a great week!

Kathy Ryan, Program Manager for Mariemont Schools
