

Facilities Update Weekly

May 11, 2012

Mariemont High School:

- The district maintenance crew is continuing work on the Board of Education Offices. The Board of Education will be moving from the Junior High to the High School in May. The new Board of Education offices will be located in the pod by the football field.

- The exterior brick work has been completed.
- The interior work, while not easy to see, is moving along very well. Electrical wiring, plumbing, HVAC, fire protection and technology wiring are moving on schedule.
- **The cupola will be reset on the roof. The cupola will be set on Thursday, May 17. The actual setting of the cupola will take all day because the crane has to move it several times to get it into position, then there are several steps to the actual placing of it..**
- The plumbing fixtures are going in, the ceramic tile is being set, the flooring, windows and casework have arrived and are being installed.

- Permanent power is now on.
